Chlorine-Free, Bromine-Free, Odor-Free Spa Sanitizing System

A Difference You Can Feel.

Feel the difference with the Free Sanitizing System from Leisure Time Spa. This biguanide-based sanitizing system is chlorine-free, bromine-free, odor-free and hassle-free! Long-lasting and effective, the Free system keeps water clean and clear. It's the ideal solution for anyone with sensitive skin or for a spa owner looking for a fresh alternative to traditional sanitizers. Use the full range of Leisure Time® Free spa sanitizing solutions for a relaxing spa experience.

It's Simple Spa Care® for sensitive skin.

Free Sanitizer

This biguanide-based sanitizer reflects the same high standards that you've come to expect from Leisure Time Spa. This chlorine-free, bromine-free, odor-free sanitizer is long-lasting and effective. The **Free** Sanitizing System keeps water clean and clear and it eliminates unsightly waterline film.

Boost

Specially designed to be used with **Free Sanitizer**, Leisure Time® **Boost** is a non-chlorine liquid shock oxidizer formulated to break down oils, lotions and other organic materials. Used with **Free** as part of the Simple Spa Care Program®, **Boost** improves filtration while keeping water clean and clear.

Control

Control's special formula prevents stain, scale, and unsightly waterline film from forming around the perimeter of the spa. Use at start-up and weekly as part of the **Free** Sanitizing System.
